Pals Forever - Friends Always™

Native Sons and Daughters is an all-volunteer, non-profit parent-child activity program focused on building lifelong bonds between parents and their children. Unlike other similar youth organizations, the Native Sons and Daughters program keeps both parent and child active together through small group (Tribe) activities and large group (Nation) activities.

Where can I find out more?

Come to one of our Informational events listed on this flyer, or find us on the Web!
